CAREER OBJECTIVE

My goal is to obtain an internship in software engineering so that I may put my extensive knowledge and enthusiasm for computer science especially full-stack development to use.. I **perform well in both individual and group settings**, having a **solid background in coding, problem-solving, and software design**. My strong sense of **self-motivation** and **collaborative approach** guarantee effective project execution and smooth team integration. I am skilled at **efficiently managing my time**, which enables me to **do excellent work on schedule**. My **ability to lead** creates a positive and efficient team environment that encourages collaborative and effective teamwork.
