- Performed bug fixing, feature enhancements, and customizations on existing systems.
- Managed full lifecycle from requirements to deployment and maintenance.

Enigma Solutions (Pvt) Ltd, Colombo, Sri Lanka

Associate Software Engineer

Jan 2025 – Jun 2025

- Developed and maintained enterprise level web applications using full stack technologies.
- Conducted project demonstrations, requirement gathering with clients and created project related documents.
- Engaged in project deployments using linux and OREL cloud services

Intern Software Engineer

Jul 2024 – Jan 2025

- Assisted in backend logic implementation and frontend feature development.
- Worked on database queries, bug fixing, and application performance improvements.

Academic & Teaching Experience

University of Sri Jayewardenepura, Sri Lanka

Temporary Instructor

Jun 2025 – Present

- Conducted laboratory sessions focused on practical software engineering.

- Mentored undergraduate students in full stack and AI based projects.

Education

University of Sri Jayewardenepura, Sri Lanka

- B.Sc (Hons) in Computer Science, 2025

British Computer Society (BCS), UK

- Professional Graduate Diploma in IT — 2023
- Diploma in IT — 2021
- Certificate in IT — 2020

Projects

- CRM System - Company Product - Developed new features and implemented customizations
Technologies Used: Laravel, Bootstrap, MySQL, Linux, OREL Cloud, git, Bitbucket
- ERP System - Company Product - Developed new features and implemented customizations
Technologies Used: CodeIgniter, MySQL, git, Bitbucket
- Full Stack Web App for Goal Management
Technologies Used: React.js, Express.js, Node.js, MongoDB, REST API, git
Project Repository
- Smart Appointment & Notification Platform
Technologies Used: Java, SpringBoot, Microservices, Docker, Kubernetes, CI/CD, APIs
Project Repository
- Full Stack Blog Application - Personal Project
Technologies Used: Laravel, TailwindCSS, JavaScript, MySQL
Project Repository
- Job Listings Web App - Personal Project
Technologies Used: React.js, JSON Server, git
Project Demo
Project Repository
- Text Summarizer using Hugging Face API - - Personal Project
Technologies Used: Express.js, Node.js, HTML, CSS, REST API
Project Demo
